

better medical supplies+better value

At CH2 we understand the ever-increasing pressure on healthcare budgets, and the importance of cost control. However this should not be at the expense of quality healthcare outcomes for patients.

bare+medical® is CH2's private label line of frequent use medical and surgical products. Launched in 2013 in response to extensive research and discussions with our customers, the range includes **6 specialist direct-supply categories**, with a selection of new products due to be launched in the coming months.

You can be reassured that the bare+medical® range is **strictly manufactured to the highest quality standards** – with the support and combined resources of CH2 and Owens & Minor.

So saving money on medical consumables needn't be a trade off with exemplary standards of patient care.

quality+price

By choosing products from our bare+medical® range, you can expect quality, competitive pricing, and superior service.

Prior to approval, all products go through a comprehensive clinical evaluation process.

Where required, products are registered with the Therapeutic Goods Administration.

All products are available at the most competitive pricing in the market.

the bare+medical® guarantee

bare+medical® was formed by the union of two leaders in the healthcare industry – CH2 and Owens & Minor. US based Owens & Minor is a publicly listed, 131 year old FORTUNE 500 company distributing medical supplies globally.

Together as bare+medical®, we have **unrivalled buying power and industry expertise.**

CH2 supports the quality of the bare+medical® product with a **100% money back guarantee.** We invite you to take the quality + price challenge today!

To view our range please visit **baremedical.com.au** or call your CH2 Business Development Manager. You can buy bare+medical® products direct from our online ordering portal **direct.ch2.com.au**.

“*Finally a company that understands you don't have to compromise on quality for a good price*”

wound care

ARTG: 223488

Elastic Adhesive Bandage

Features

- Water resistant material allows the bandage to remain intact without compromising, soaking and soiling
- Permeable to air allowing the patient's skin to remain intact without maceration
- Elastic adhesive is easy remove without tearing skin and leaving residue

Applications

- Ideal for treatment of all conditions that require limitation of movement
- Remains in place for extended periods

Product Code:	2055267	2055275	2055283
Size:	5cm x 2.5m	7.5cm x 2.5m	10cm x 2.5m
Unit of Measure:	B12	B12	B12

ARTG: 215736

Conforming Gauze Bandage

Features

- Designed to mold itself to shape
- Reduces inflammation
- No sagging or droopiness as it clings tightly to itself and holds shape
- Allows freedom of movement without allowing the dressing to slip

Applications

- Material used is resistant to infection and odour
- Used for injuries on the hands, shoulders, knees and elbows, where bandage tape alone would not work

Product Code:	2055128	2055152	2055187	2055232
Size:	2.5cm x 1.5m	5cm x 1.5m	7.5cm x 1.5m	10cm x 1.5m
Unit of Measure:	B12	B12	B12	B12

ARTG: 215874

Surgical Adhesive Non-Woven Tape

Features

- Secure synthetic hypoallergenic adhesive
- Soft conformable non woven fabric for improved flexibility
- Can easily be cut to size
- Offers strong, reliable adhesion

Applications

- Securing and supporting multiple wound dressing applications
- Retention and security of various catheters and drainage tubes
- Retention applications requiring high mobility
- Useful in known cases of hyper skin sensitive patients

Product Code:	2055064	2055072	2055081	2055101
Size:	2.5cm x 10m	5cm x 10m	7.5cm x 10m	10cm x 10m
Unit of Measure:	EA	EA	EA	EA

ARTG: 215874

White Surgical Tape

Features

- Microporous
- Hypo-allergenic
- Breathable
- Adheres well but gentle to the skin

Applications

- Used for a variety of situations where gentle taping is required, especially on sensitive skin areas
- Ideal for taping or securing IV lines on frail skin

Product Code:	2055435
Size:	25mm x 9.1m
Unit of Measure:	B12

ARTG: 208774

Cohesive Bandage

Features

- Adheres to itself only, no pins/clips required
- Soft porous fabric provides breathability and patient comfort
- Easy edge to quickly locate starting point of bandage
- Tears easily from the roll, no scissors required
- Water resistant, sweat/water will not cause loosening

Applications

- Self-adherent wrap for even, consistent compression in retaining dressings, protecting wounds, immobilising injuries or securing devices to patients
- Used as a fixation bandage for securing cold packs, braces, padding
- Provides light to medium compression for leg ulcer patients
- 4th layering bandage in the treatment of venous leg ulcers
- Supplies high level of support to joints and limbs

ARTG: 225046

Basic Dressing Pack

Contents

- 1 x Dressing Tray-Size 13.3cm (L) x 14.7cm (W) x 1.5cm (D)
- 6 x Non-Woven Sponge - 7.5cm x 7.5cm 4 ply
- 1 x Yellow Forceps
- 2 x Green Forceps
- 1 x Sterile Field Plastic White - 50cm x 50cm
- 1 x Dressing Towel - 2 ply (Paper+Film) 41.5cm x 40cm

Applications

- All in one basic dressing equipment pack to enable basic through to extensive wound care management for cleaning and dressing wounds where bandage tape alone would not work

Product Code:	2055419
Unit of Measure:	EA

ARTG: 194424

Adhesive Cloth Dressing

Features

- Pours, breathable dressing that protects wound to promote healing
- Comfortable and non-adhesive pad adds protection and without sticking to the wound surface, allowing easy removal
- Soft & stretchable cloth material allows for comfort and conforms well to body contours
- Corners are rounded to prevent edge roll and crinkling

Applications

- Dressing for primary wound care - good for minor cuts, grazes & tears
- Post-surgical dressing, especially where swelling or movement is expected

Product Code:	1990237	1990253
Size:	5cm x 7cm	10cm x 15cm
Unit of Measure:	B50	B50

wound care

ARTG: 194423

Adhesive Film Dressing

Features

- Transparent waterproof film dressing
- Bacterial barrier to outside contaminants
- Frame delivery system for easy application of dressing without creasing
- Provides moist wound environment and promotes healing in shallow wounds

Applications

- Applied over I.V. sites, clean skin or wounds, sutures
- Post-surgical dressing, especially where swelling or movement is expected
- For management of minor burns and simple wounds, eg scalds, lacerations, abrasions, slightly exudating wounds

Product Code:	1990270	1990288
Size:	6cm x 7cm	10cm x 12cm
Unit of Measure:	B50	B25

ARTG: 194423

Adhesive Film Dressing With Pad

Features

- Transparent waterproof film dressing with non-adherent absorbant pad
- Bacterial barrier to outside contaminants
- Frame delivery system for easy application of dressing without creasing
- Provides moist wound environment and promotes healing in shallow wounds

Applications

- Applied over minor wounds, sutures
- Post-surgical dressing, especially where swelling or movement is expected
- For management of minor burns and simple wounds, eg scalds, lacerations, abrasions, slightly exudating wounds
- Protection against friction on stage 1 pressure ulcers

Product Code:	1990261
Size:	10cm x 12cm
Unit of Measure:	B25

patient care

ARTG: 210165

Cotton Tip Applicator

Features

- 2 per pack
- Smooth wood shaft
- Tapered mini-tip for hard to reach small areas

Applications

- General purpose swab used for wound care, cleaning tubes, scopes, sensors and components

Product Code:	2038803
Size:	15cm
Unit of Measure:	B100

ARTG: 216345

Wooden Tongue Depressor

Features

- Smooth finish, sturdy

Applications

- Used to aid in the examination of mouth and throat without causing trauma

Product Code:	2039013
Size:	15cm
Unit of Measure:	B100

ARTG: 210165

Adult Wipes

Features

- Soft fabric
- Impregnated with gentle no-rinse formula
- PH balanced and hypoallergenic
- Unscented

Applications

- Used for cleansing of skin and continence care

Product Code:	2039099
Unit of Measure:	PK50

ARTG: 209054

Penlight

Features

- Sealed Concentric Beam
- Pocket clip activated
- Pupil gauge
- Bright, accurate and controllable light.
- Portable size

Applications

- Provides convenient light source for patient examination.
- Used to monitor pupil response, check areas of the mouth and throat, examine wounds

Product Code:	2039101
Unit of Measure:	B100

ARTG: 210275

Yankauer Handle

Features

- Rigid plastic suction tip with a large opening surrounded by a bulbous head designed to allow effective suctioning without damaging surrounding tissue
- Vent in the handle for control of suctioning
- Transparent to allow for visual monitoring
- 270mm in length, 4.5mm in diameter

Applications

- Used for suctioning oral secretions and sputum to clear the airway.
- Used for suctioning fluid content from surgical site

Product Code:	2039371	2039380
Vent:	No	Yes
Unit of Measure:	EA	EA

ARTG: 230924

Alcohol Prep Swab

Features

- Isopropyl Alcohol 70% v/v
- High levels of moisture to efficiently cleanse the skin surface
- Individually sealed with easy tear
- Colour free

Applications

- Skin cleaning swab for topical skin preparation

Product Code:	2121084
Unit of Measure:	B200

protective apparel

ARTG: 177194

Disposable Apron

Features

- Water resistant
- Lightweight body protection
- White in colour

Applications

- PPE to prevent spread of infectious diseases
- Ideal for showering patients and cleaning

Product Code:	1948080
Size:	850mm x 1400mm
Unit of Measure:	B100

ARTG: 179123

Short Sleeve Patient Gown

Features

- Customised level of barrier protection (viral, particulates and fluid)
- Soft and lint free
- Comfortable and durable
- Antistatic

Applications

- Ideal for radiology and day surgeries

Product Code:	1948071
Size:	One Size
Unit of Measure:	P10

ARTG: 208875

Theatre Cap Beret

Features

- Fluid resistant lightweight spunbond polypropylene
- Soft, non-binding elastic band
- Light and breathable for comfort
- Non woven

Applications

- Used to keep hair away or for general protection

Product Code:	2039259	2064286	2064278
Unit of Measure:	B100	B100	B100
Colour:	Blue	Red	White

ARTG: 210481

Surgical Face Mask With Visor

Features

- Clear plastic visor for eye protection, attached to the mask, easy to tear off
- Full-width aluminium alloy nose piece that ensures a secure fit over the nose
- Tie on straps, anti-fog
- Soft material for comfort
- Pleats in mask to expand from the nose to cover under the chin

Applications

- Worn during surgery or procedures
- Worn to prevent spreading of bacteria shed from mouth and nose
- Protect eyes from fluid splash

Product Code:	2039321
Size:	One Size
Unit of Measure:	B25

ARTG: 208876

Non-Skid Overshoes

Features

- Non-skid tracking for safety
- Fluid resistant
- Non-Conductive
- Ideal for operating/procedures rooms
- Excellent for dust protection and splash protection
- Sealed-in elastic edge for a secure fit

Applications

- Used by clinicians and other staff for general protection during surgical procedures or for general wear in patient settings

Product Code:	2039355	2118459
Size:	Regular	Extra Large
Unit of Measure:	B100	B100

ARTG: 210480

Isolation Gown - Yellow

Features

- Full front and back coverage, breathable material
- Elastic cuffs
- Neck tie and waist tie
- Ultrasonically welded seams

Applications

- Worn for PPE measures to protect from biohazards and infections
- Worn to protect and prevent spread of infectious diseases when handling patients requiring isolation

Product Code:	2039339
Size:	One Size
Unit of Measure:	C100

ARTG: 210480

General Purpose Personal Protective Gown

Features

- Impervious
- Thumb loops
- Neck loop & waist tie

Applications

- Worn for general personal protection and for potential heavy fluid contact.

Product Code:	2039347
Size:	One Size
Unit of Measure:	B15

ARTG: 210481

Surgical Face Mask

Features

- Full-width aluminium alloy nose piece that ensures a secure fit over the nose.
- Tie on straps
- Soft material for comfort
- Pleats in mask to expand from the nose to cover under the chin

Applications

- Worn during surgery or procedures
- Worn to prevent spreading of bacteria or infection to others

Product Code:	2039312
Size:	One Size
Unit of Measure:	B50

ARTG: 179125

Theatre Polypro Overshoes

Features

- Excellent for dust protection and splash protection
- Sealed-in elastic edge for a secure fit
- Antistatic and non-conductive

Applications

- Used by clinicians and other staff for general protection during surgical procedures or for general wear in patient settings

Product Code:	1948098
Size:	One Size
Unit of Measure:	B100

ARTG: 177193

Clinical Wet Area Overshoes

Features

- Short term use to protect footwear
- Waterproof
- Strong and light weight

Applications

- Protective footwear mainly used in Aged Care or when caring for a patient in potential wet areas such as showering and cleaning

Product Code:	1948101
Size:	One Size
Unit of Measure:	B100

gloves

ARTG: 212653

Latex Exam Gloves

Features

- Textured finish for enhanced grip
- Beaded cuff for added strength and ease to put on
- Caution: contains natural rubber latex, may cause allergic reaction in individuals who have latex allergy
- Powder-free

Applications

- Worn for variety of tasks to provide protection from fluids & solids

Product Code:	2054361	2054387	2054408	2054416	2054424
Size:	XS	S	M	L	XL
Unit of Measure:	B100	B100	B100	B100	B100

ARTG: 212651

Nitrile Exam Gloves - Sensitive

Features

- Designed for enhanced tactile sensitivity with finely textured fingertips and ultra sensitivity
- Approved for use with selected chemotherapy drugs
- Superior puncture and tear resistance
- Advanced formulation allows for a thinner nitrile glove while providing for facility-wide protection
- Powder-free

Applications

- Worn for variety of tasks to provide protection from fluids & solids

Product Code:	2054483	2054491	2054504	2054512	2054521
Size:	XS	S	M	L	XL

incontinence

ARTG: 208774

Pull-Up Pant

Features

- Anatomically shaped, cool and comfortable to wear - cloth-like to touch
- Underwear-like fit for comfort with snug elastic waist band
- Protects against moderate to heavy incontinence
- Super absorbent polymer enhances fluid absorption for added protection and maximise dispersion, helping to maintain healthy skin
- Visible wetness indicator alerts when Pull-Up Pant has been soiled and ready to be removed
- Secure leg gussets for snug fit and prevention of leaks.
- Inner leak guards for prevention of leaks
- Self sealing pull tab for containment and easy disposal

Applications

- For use in moderate (up to 1500mls) and for heavy (up to 2000mls) incontinence.
- Easy to fit - just pull up the pant and fit snug around waist.
- Ensure the leg gussets and leakguards are secure around the groin area.
- Tear-away sides for easy removal if required
